Hi Jeff,

The state and county attorneys are still finalizing the MOU but I believe everyone is in agreement as to the terms. Since I'll be out next week I am copying Paige Myers who will be routing the agreement to Christie True. Paige will inform you when it is signed on our end.

Thanks-Jim

Hi, Tom and James. You are aware our mobilization has been postponed until at least Thursday next week. I'm sure you are also aware our respective PIOs have been working on a desk statement in anticipation of press inquiries. Since I think this question will come up, do you have any update regarding the MOU for follow up activity between Ecology and KC? EPA's attorney for this project (b) (6) but my understanding was that a draft has been composed and Ecology and KC were reviewing and commenting on it. Normally, I have to have hand-off responsibility locked down before I can mobilize. I don't anticipate that will entirely stop us at this point, but I will need to at the very least know the status. Any word? I'm not even sure who is working on it from your end.
